

Product Manufacturing Project

B2B-focused cookie manufacturing company targeting wholesale buyers and end consumers through discount and mass-market channels

Course: Comprehensive Internet

Marketing

Author: Sergey Shcheglov

Project Description

Industry	Cookie manufacturing
Geography	All of Russia
Average Check	70 RUB
Monthly Revenue	1 500 000 RUB
Monthly Ad Budget	300 000 RUB

Audience

Audience Portrait

The company specializes in manufacturing and operates in a B2B segment. Its customers include:

- Wholesale buyers who supply to retail chains
- Buyers purchasing directly for resale
- End consumers who are not always the direct purchasers

The cookies (like the ones shown in the photo) are sold in chain stores, typically in the discount and mass-market categories.

Primary Persona: "Procurement Manager"

Name: Marina Ivanovna

Age: 33

Profile: Is responsible for supermarket procurement.

Married, has a child

Attributes:

Professional and well-versed in competitors' product lines.

- Seeks to provide quality yet affordable goods that drive consumer loyalty.
- Skilled negotiator, focused on getting the best deals for her company.
- Carefully compares products before making purchase decisions.
- Values career growth and professional development; takes relevant training courses.
- Occasionally buys affordable cookies for her family, though she prefers higher-quality options.
- Active on social media: VK, Facebook, and Instagram.

Pain Points:

- Balancing affordability with quality.
- Minimizing complaints about product quality.
- Packaging, shelf life, and product composition are key considerations.

Brand Message: Our product matches the quality of competitors but offers better aesthetics and durability at the same price.

Secondary Persona: "Mother"

Name: Lena

Age: 28

Profile: Married, has a 6-year-old son

(Alexey), works as an accountant

Attributes:

Family budget is tight (₽60,000/month).

- Shops at discount stores like "Pyaterochka".
- Enjoys tea with cookies at home or at their dacha (summerhouse).
- Invites her son to help choose food items.
- Primarily uses VK for social media.

Pain Points:

- Limited funds until payday but wants to treat her family.
- Looks for cookies that are affordable, non-allergenic, and long-lasting after opening.
- Avoids overpaying for similar products.

Brand Message: Our cookies are affordable, allergen-free, and appealing to both kids and adults. They stay fresh even after being opened.

Tertiary persona: "Child"

Name: Alexey

Age: 6

Profile: Attends kindergarten, loves

cartoons, and has favorite toys/heroes

Attributes:

- Picks food based on attractive packaging or recognizable characters.
- Persuades parents to let him choose cookies from the shelf.
- Will overlook taste issues if the packaging is appealing.

Pain point: His mom won't let him eat cookies if they're too sweet or cause allergic reactions.

Brand Message: Our cookies are tasty and filling, with packaging that features fun, recognizable characters your child will love!

Content Strategy

Category: "Production"

Description: Photos and videos showcasing cookie manufacturing, raw material selection, and ingredients.

Goal: Build trust in the product's quality and the company's reliability.

Frequency: 2-3 posts/month.

Category: "How to Enjoy"

Description: Photos and ideas for tea parties, snacks, and cookie pairings.

Goal: Highlight the cookies' aesthetic appeal and versatility.

Frequency: 10-15 posts/month.

Category: "Cookie History"

Description: Stories and photos about the origins of the cookie types produced by the company.

Goal: Foster positive associations by romanticizing tradition and craftsmanship.

Frequency: 5-10 posts/month.

Category: "Cookies with Favorite Characters"

Description: Content featuring beloved children's characters.

Goal: Engage the child audience through relatable and

attractive visual elements.

Frequency: Up to 5 posts/month.

Influencers

Advertising Campaign

Settings

Objective: Awareness—introduce the new product to a broad audience.

Target Audience: Women aged 26-34, aligned with one of the personas above.

Geographic Segmentation: Central Russia and major cities.

Interests: Parenting and children.

Schedule: Afternoon hours, 2 months duration.

Budget: ₽100,000.

Ad Format: Multi-format to maximize product exposure.

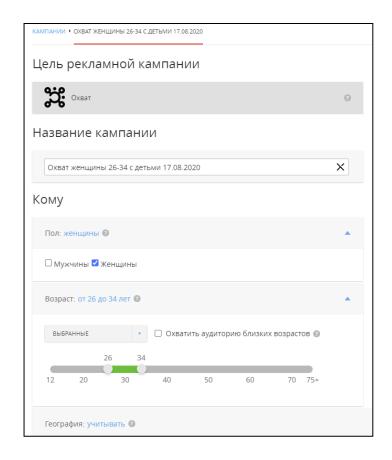

CPM: ₽50 per 1,000 impressions.

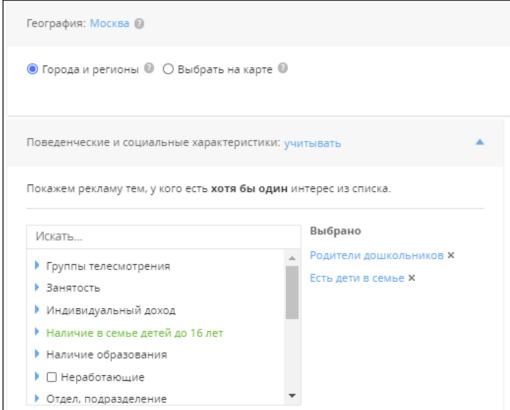

Example Ad Text:

Title: "Cookies with Oranges!"

• Body: "Crispy and durable. Only ₽69."

О печенье

В чем уникальность?

Дети едят понемногу, но часто: им нужен и второй завтрак, и полдник, после ужина они не прочь выпись чаю, и в им всегда хочется перекурить в дороге

При разработке решепта нашего печенья, мы старарались соблюсти баланс важных качеств: чтобы печенье долго хранилось, было вкусными, плу этом, недорогии и полетными для задровыя. Наше печенье хранится почти столько же, сколько и други недорогие и лотулярные виды печенья, но при этом, содержит меньше консервантов.

Прочная упаховка позволяет гарантирует, что печенье не сломается при перевозке, и сохранит свой привлекательный вид.

Польза

Печеные - это десерт, или легоий перекус, и оно не заменит основного блюда. Тем не иченее, нам удалось, как нам кажется, сделать печеные не только не вреженым, но и полежным продуктом, огазавшись от использования искусственных добавок и тщательно отбирая поставшиков интередиентов.

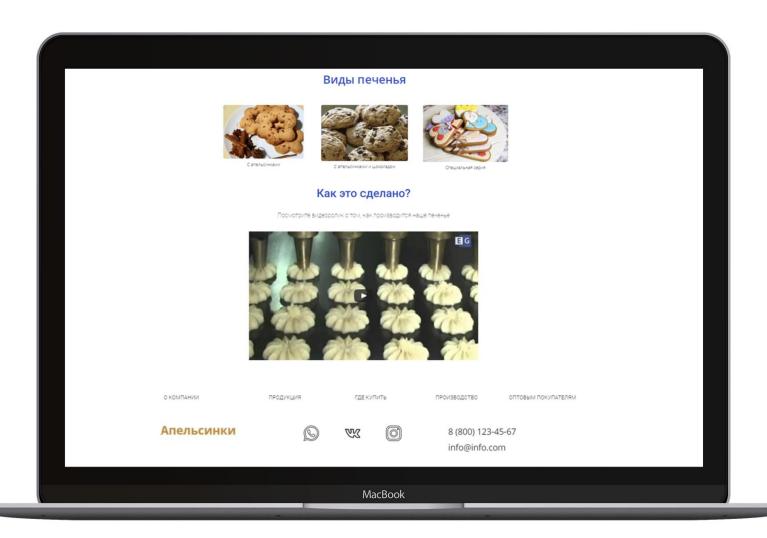

Car.

С чем это едят

Вкуснее всего будет запивать наше печенье чаем, кефиром или молкои» - обязательно в хорошей компании! Наше печенье достаточно сытное и сладкое, с фруктовым вкусом: его не обязательно намазывать маслом или вареньем.

Third screen: Variety of Cookies
